

HOW DOES IT WORK?

After receiving a brief, players are locked in the themed room in groups of 6-10 people. The team has 60 minutes to find clues that will enable them to solve puzzles and work their way through the game. The challenge is to discover the secrets and escape the room before the time runs out.

WHAT WE OFFER

Our game capacity is 6-10 players escaping at any one time however the option to hire exclusive day use of the room means we can accommodate up to 50 players.

We offer catering packages along with the ability to hire meeting spaces tailored to your needs making it an ideal solution for larger groups and corporate events. All of our catering packages do require a minimum booking of 8 people.

HOW WILL THE ESCAPE ROOM BENEFIT MY TEAM?

Our escape room is designed to be immersive and challenging. It requires teams to work together in order to succeed and offers the opportunity for teams to interact in a unique environment that differs from the one they would normally.

Whether to increase engagement, reward success or just for something different, Cryptic Kingdom can highlight skills such as communication, observation, problem solving and creativity.
